2. Litigation

2.1 Civil Proceedings

FAST TRACK, INTERMEDIATE TRACK AND MULTI-TRACK PROCEEDINGS (and Fixed Recoverable Costs for Fast Track and Intermediate Track proceedings)

1. Part 8 Claims and claims in the Commercial Court, Technology and Construction Court and Circuit Commercial Court are automatically allocated to the Multi-Track. All other proceedings will be allocated to a Track at the discretion of the court and on the basis of the Financial Value of the Claim (please refer to Table below) but also taking into account the nature of the remedy sought, the complexity of the facts, law and evidence, the number of parties or likely parties, the value of any counterclaim or other Part 20 claim and the complexity of any matters relating to it, the amount of witnesses likely to be called and the nature of their evidence, the importance of the claim to persons who are not parties to the proceedings, the parties views and their circumstances.
2. The court will assess the financial value of a claim for the purpose of allocation to a Track and in doing so, it will disregard any amount not in dispute, any claim for interest, costs, any contributory negligence and where the claim is or includes a claim for non-monetary damages, any amount specified under the Civil Procedure Rules. The court will then allocate the proceedings to one of four Tracks and, where applicable, assign the proceedings to a complexity band in the Fast Track and Intermediate Track.
3. Subject to any other forecast or estimate which may be given to you by us, our general forecast or estimate of the overall costs which could be incurred in progressing any Claim or Defence of a Claim to a trial under the Civil Procedure Rules process in the Fast Track (£10,000 - £25,000), Intermediate Track (£25,000 - £100,000) or Multi-Track (over £100,000) excluding Mediation/ADR and interim applications are set out in the table below. However, please note that costs could be more than these general guideline estimates depending on how the case develops.

| Track | Financial Value | Estimated costs of 1 Day Trial | Estimated costs of 2 – 3 Day Trial | Estimated costs of over 3 Days Trial |
|---------------------------|---------------------|---|--|--|
| Fast Track | £10,000 to £25,000 | Over £25,000 plus pre-action / settlement negotiations (Plus VAT and Disbursements) | | |
| Intermediate Track | £25,000 to £100,000 | Over £50,000 plus pre-action / settlement negotiations (Plus VAT and Disbursements) | Over £75,000 (Plus VAT and Disbursements) | |
| Multi-Track | Over £100,000 | Over £50,000 (Plus VAT and Disbursements) | Over £100,000 (Plus VAT and Disbursements) | Over £125,000 (Plus VAT and Disbursements) |

2.2 Small Claims Track Proceedings (claims under £10,000)

If your claim has a financial value of less than £10,000 (or a larger sum if the parties consent), the proceedings may be allocated to the Small Claims Track in which the "no solicitors costs" rule applies. This means that even if you win the case, the Court will not normally* order the other side to pay your solicitor's costs, except some nominal fixed costs which relate to the issue of your claim and which are limited. These fixed costs include the Court fee. The Court may also order the losing party to pay any expenses which you or your witnesses have reasonably incurred in travelling to and from the hearing, a sum in respect of loss of earnings for both you and any witnesses incurred in connection with attending the hearing (up to £50.00 for each person) and a sum for any expert's fees (up to £200.00 for each expert). That means if you lose the case, you will not normally be ordered to pay the other side's costs. Please note that it may not be economic for us to be instructed in relation to all stages of a case allocated to the Small Claims Track although it may be economic for us to be instructed in relation to *certain stages*.

*There are some situations when the Court could order you or the other side to pay any solicitors costs incurred in relation to small claims proceedings. These include, inter alia, any costs assessed by the Court if any of the parties have behaved unreasonably or potentially if a contract obliges one party to indemnify the other for any costs of legal action for breach of the contract or enforcement of the contract terms.

2.3 Debt Recovery

We offer fixed fees for recovery of debts under £10,000. See section 3 for more information.

2.4 Enforcing Your Judgement

Following obtaining a Court Order for payment of your costs and if the other side does not pay within the timeframe set, enforcement proceedings may be required in relation to the recovery of your legal costs and disbursements, meaning additional work would also need to be carried out and

further legal costs incurred in relation to enforcement of the Order. These further enforcement costs may not be recoverable from the other side except some fixed costs which would be ordered by the Court and which are limited.

If your debtor fails to pay you following a Court Order, you may need to enforce your Judgment to recover the monies due to you together with interest and costs. Please note that we do offer fixed fees for Enforcement proceedings

2.5 Residential Possession Proceedings

1. If the possession proceedings are undefended and an order is made for possession under the accelerated process (section 21 notice) or on the standard process (section 21 or section 8 notice), the Court will generally only order the Tenant to pay the fixed costs of the claim which are very limited (generally under £100.00) together with the Court issue fee. Our charges payable by you are calculated on a time basis in accordance with our estimated fees and will exceed the fixed costs allowed by the court.
2. The possession proceedings will usually be listed for hearing to decide the claim. If the possession proceedings are defended, the Court will use the hearing to give case management directions. Where the claim is genuinely disputed on grounds which appear to be substantial, the case management directions will include the allocation of the claim to a Track (usually the Fast Track or the Intermediate Track) and directions of the defended claim will be ordered to trial. Further costs would be incurred in any defended possession proceedings.
3. Provided you succeed in those proceedings and obtain a possession order, then subject to the discretion of the Judge, a costs contribution may be claimed and ordered to be paid by the other party but those costs may be restricted in accordance with the Schedule of Fixed Recoverable Costs which the Court will allow. There is therefore likely to be a shortfall between the costs incurred and the costs ordered to be paid by the other party and there are often difficulties in relation to the enforcement of Orders against Tenants particularly if the Tenant is impecunious or receives legal representation through Legal Aid.

3. Commercial Litigation (Debt Recovery)

Court Claims

These costs apply where your claim is in relation to an unpaid invoice which is not disputed, and enforcement action is not needed. If the other party disputes your claim at any point, we will discuss any further work required and provide you with revised advice about costs, if necessary, which could be on a fixed fee (e.g. if a one-off letter is required), or an hourly rate if more extensive work is needed. There may be circumstances where we will advise immediate insolvency proceedings against the debtor, and we will quote separately for the costs.

| Debt Value | Court Fee | Our Fixed Fee (inc. VAT*) | Total |
|------------------------|-----------------------|---------------------------|-----------|
| Up to £5,000 | Up to £185.00 | £1,200.00 | £1,385.00 |
| Up to £5,001 – £10,000 | £410.00 | £1,200.00 | £1,610.00 |
| £10,001 – £50,000 | 5% value of the claim | £1,200.00 | TBA |

Anyone wishing to proceed with a claim should note that:

- The VAT element of our fee cannot be reclaimed from your debtor.
- Interest and compensation may take the debt into a higher banding, with a higher cost.
- The costs quoted above are not for matters where enforcement action, such as the bailiff, is needed to collect your debt.
- A default judgment will include an award of fixed costs and the Court fee.

Our fee includes:

- Taking your instructions and reviewing documentation.
- Undertaking appropriate searches.
- Sending a Letter before Action.
- Receiving payment and sending on to you, or if the debt is not paid, drafting and issuing claim.
- Where no Acknowledgment of Service or Defence is received, applying to the Court to enter judgment in default.
- When judgment in default is received, write to the other side to request payment.
- If payment is not received, providing you with advice on next steps and likely costs.

Matters usually take about 10 weeks from receipt of instructions. This is on the basis that the other side pays promptly on receipt of judgment in default. If enforcement action is needed, the matter will take longer to resolve; if payment is received at an earlier stage, the fee will be reduced.

Solicitor/ Chartered Legal Executive £220.00 plus VAT
Trainee Solicitor / Trainee Legal Executive £120.00 – £180.00 plus VAT

The exact cost will depend on the individual circumstances of the matter. For example, if there is one beneficiary and no property, costs will be at the lower end of the range. If there are multiple beneficiaries, a property and multiple bank accounts, costs will be at the higher end.

We will handle the full process for you. This quote is for estates where:

- There is a valid Will
- There is no more than one property
- There are no more than 10 bank or building society accounts
- There are no other intangible assets
- There are 1-6 beneficiaries
- There are no disputes between beneficiaries on division of assets. If disputes arise this is likely to lead to an increase in costs
- There is no inheritance tax payable, and the executors do not need to submit a full account to HMRC
- There are no claims made against the estate

Disbursements in addition to this fee:

- Probate application fee of £273.00
- Bankruptcy-only Land Charges Department searches (£2.00 + VAT per beneficiary)

Disbursements are costs related to your matter that are payable to third parties, such as court fees. We handle the payment of the disbursements on your behalf to ensure a smoother process.

Potential additional costs

- If there is no will or the estate consists of any share holdings (stocks and bonds) there is likely to be additional costs that could range significantly depending on the estate and how it is to be dealt with. We can give you a more accurate quote once we have more information.
- If any additional copies of the grant are required, they will cost £1.50 (1 per asset usually).
- Dealing with the sale or transfer of any property in the estate is not included.

Stages in the Probate Process

- Identifying all of the legally appointed Executors or Administrators and Beneficiaries
- Contacting the various institutions to obtain valuations of all of the assets in the estate and balances of any liabilities.

- Completing the Probate Application and the relevant HM Revenue and Customs forms for approval
- Making the application to the Probate Registry on your behalf
- Upon receipt of the Grant of Probate, collecting in the assets and discharging any liabilities
- Drafting a full set of Estate Accounts for the Executors and Beneficiaries approval
- Distributing the estate to the beneficiaries

Timescales

We estimate that a straightforward excepted estate will be completed within 12 to 18 months. We estimate that more complex estates take between 1 to 3 years to complete. These estimates are on the basis that the matter does not become unduly complicated or protracted or involve the sale of property. We will keep you updated on the progress of your matter throughout.

6. Employment Tribunal

Set out below are details of a range of potential fees for bringing and defending claims for unfair or wrongful dismissal. These are only general estimates based on an hourly Partner rate of £250.00 plus VAT*.

Please contact us so that we can provide a bespoke quote that fits your circumstances:

- Simple case: £3,500-£5,000 (excluding VAT);
- Medium complexity case: £5,000-£10,000 (excluding VAT); or
- High complexity case: £10,000-£25,000 (excluding VAT).

Wrongful dismissal cases would tend to be at the lower end as they are usually less complicated. Factors that could make a case more complex include:

- If it is necessary to make or defend applications to amend claims or to provide further information about an existing claim;
- Defending claims that are brought by litigants in person;
- Making or defending a costs application;
- Complex preliminary issues such as whether the claimant is disabled (if this is not agreed by the parties);

- The number of witnesses and documents;
- If it is an automatic unfair dismissal claim e.g. if you are dismissed after blowing the whistle on your employer; and
- Allegations of discrimination which are linked to the dismissal.

It is not always necessary for us to attend the Tribunal Hearing but if we do attend there will be an additional charge for attending a Tribunal Hearing of £1,200 per day (excluding VAT). Generally, we would allow 1-10 days depending on the complexity of your case.

If a matter settles before a hearing the costs will reflect the time spent to that point.

Disbursements

Disbursements are costs related to your matter that are payable to third parties, such as court fees. We handle the payment of the disbursements on your behalf to ensure a smoother process. Expected disbursements include Counsel's fees estimated between £500 to £1,500 per day (depending on experience of the advocate) for attending a Tribunal Hearing (including preparation).

Key stages

The estimate of our fees covers all of the work in relation to the following key stages of a claim:

- Taking your initial instructions, reviewing the papers and advising you on merits and likely compensation (this is likely to be revisited throughout the matter and subject to change);
- Entering into pre-claim conciliation where this is mandatory to explore whether a settlement can be reached;
- Preparing claim or response;
- Reviewing and advising on claim or response from other party;
- Exploring settlement and negotiating settlement throughout the process;
- preparing or considering a schedule of loss;
- Preparing for (and attending) a Preliminary Hearing;
- Exchanging documents with the other party and agreeing a bundle of documents; Taking witness statements, drafting statements and agreeing their content with witnesses;
- preparing bundle of documents;
- Reviewing and advising on the other party's witness statements;
- agreeing a list of issues, a chronology and/or cast list; and
- Preparation and attendance at Final Hearing, including instructions to Counsel.
- The stages set out above are an indication only and if some of stages above are not required, the fee may be reduced. You may wish to handle the claim yourself and only have our advice in relation to some of the stages. This can be arranged based on your individual needs.

How long will my matter take?

The time that it takes from taking your initial instructions to the final resolution of your matter depends largely on the stage at which your case is resolved and the listing timescales dictated by the Tribunal and/or Court. If a settlement is reached during pre-claim process, your case is likely to take 6-8 weeks. If your claim proceeds to a Final Hearing, your case is likely to take 26-39 weeks. This is just an estimate and we will of course be able to give you a more accurate timescale once we have more information and as the matter progresses.

7. Licensing

Set out below are details of a range of potential fees for an application for a new premises licence. These are estimates only. Please contact us so that we can provide a bespoke quote that fits your circumstances:

- Simple application: £750 – £1,000 plus VAT* (based on 3-4 hours at an hourly Partner rate of £250 plus VAT);
- Medium complexity: £1,250 – £1,750 plus VAT (based on 5-7 hours at an hourly Partner rate of £250 plus VAT); or
- High complexity: £1,750 – £3,000 plus VAT (based on 7-12 hours at an hourly Partner rate of £250 plus VAT).

A number of factors affect the complexity of a case including:

- Type of licensable activity covered by the application;
- Location of premises (such as whether in a cumulative impact policy area); and
- The type and size of premises/event.

An application to vary an existing premises licence should be less complex and therefore our fees would usually be in the same range as a simple first application.

Disbursements

Disbursements are costs related to your matter that are payable to third parties, such as the application fee. We will pay the disbursements on your behalf to ensure a smoother process. Expected disbursements include:

- Application fee (payable to licensing authority). The fee varies depending on rateable value of premises for new licences. Fixed at £23 for applications to vary an existing licence;
- Advertising fee £250 – £400; and
- Enquiry agent fees to display public notices (if required) £75.00.

These fees vary depending on the individual premises and where it is located. The fees can on occasion be higher than the ranges given above. We will give you an accurate figure for each item as soon as we are able to do so.

The estimate of our fee includes the following work:

- Taking your instructions and advising you as to how you can promote the licensing objectives within your application;
- Advising you as the type of plans you are required to submit with your application;
- Completing the application form for a new premises licence (including the operating schedule) in accordance with your instructions and submitting this to the local licensing authority alongside suitable plans. You must provide suitable plans;
- Providing guidance on the fee levels payable to the licensing authority;
- Preparing copies of the premises licence application for disclosure to the responsible authorities and serving copies of the application on the responsible authorities;
- Drafting the notices advertising the premises licence application and submitting the notice to the local newspaper;

- Arranging with you for you to display the notice(s) advertising the premises licence application and advising as to where and how this should be done by you in order to comply with the requirements of the Licensing Act 2003;
- Providing a Designated Premises Supervisor (DPS) consent form for signature by a personal licence holder proposed by yourself; and
- Checking the licence once granted and correcting any errors with the licensing authority.

The estimate fee does not include:

- obtaining suitable plans;
- attending pre-consultation meetings with the Licensing Authority or Responsible Authorities, nor their fee for this meeting;
- dealing with or advising you in relation to queries or representations received from either the responsible authorities or other interested parties; or
- advising on varying the licence; or
- attendance and representation at a licensing sub-committee hearing of the responsible authority. If representations are received and attendance and representation at a licensing sub-committee is required then we will provide a separate fee estimate for this work which will be charged at an hourly rate.

How long will my application take?

Matters usually take 6-8 weeks from receipt of full instructions from you. This is on the basis of the application being relatively straightforward and you being able to provide all the necessary documents promptly (and includes the 28 day consultation period, where relevant). If your matter is more complex, for example, if there is substantial opposition from interested parties, or if there is a delay in receiving the documents we need, it may take longer.
